VIVALDI BROWSER LOCATION TROUBLESHOOTING FIX

The Kin Club of Russell is mandated by the Alcohol & Gaming Commission of Ontario (AGCO) as part of our Catch the Ace 6 lottery (RAF1341100), to utilize a location software to prevent anyone physically outside of the province of Ontario from purchasing online tickets.

The issue you may be having in trying to purchase tickets, is not with our system, but rather your personal browser settings blocking access to show its location. If your browser refuses to show its actual location, tickets sales will be refused as it cannot verify you are physically in the province. Please note this is your browser settings and not your general notification settings.

Please follow the following steps;

1. If you are using a Virtual Private Network (VPN), please turn it off to purchase your tickets.
2. Open the Kin Club of Russell's Catch the Ace page on your device – www.kinclubofrussell.ca/catch-the-ace/
3. If you see the screen below, your settings are blocking access to our website for purchases.

The screenshot shows a web browser window with the URL www.kinclubofrussell.ca/catch-the-ace-tickets/ticket-sale-refused/. The page header includes the Kin Canada logo and navigation links: Home, About, Catch the Ace, Projects, Poutmasters, Events, and Get Involved. The main content area displays the following text:

Ticket sale refused

We are unable to process your order at this time.

The Alcohol and Gaming Commission of Ontario's lottery rules clearly state that tickets can only be purchased within the Province of Ontario. If you are visiting Ontario, you are eligible to play as long as the ticket(s) are purchased at the time you are physically within the province.

We have upgraded our geofencing to better serve our supporters. We have noticed a small percentage of purchasers are having issues because their browser location detection is turned off. To learn how to reset that option, click here to watch our short tutorial video. <https://youtu.be/WvVHy05idZl>

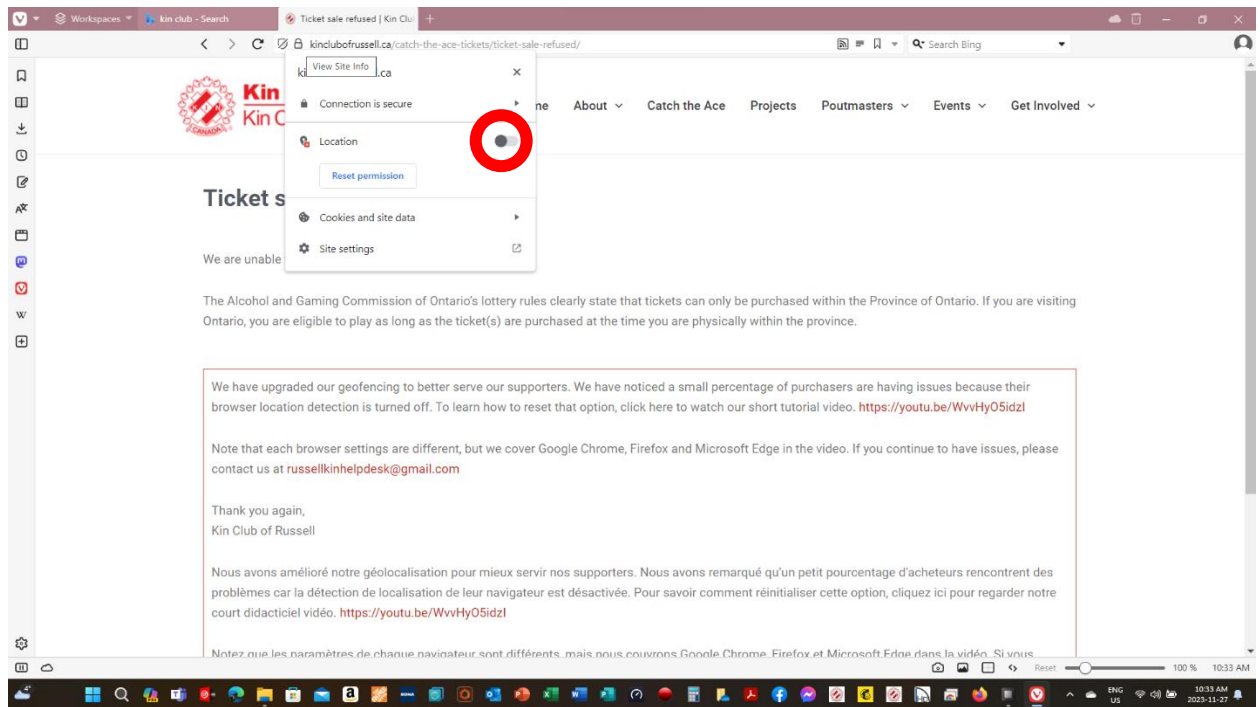

Note that each browser settings are different, but we cover Google Chrome, Firefox and Microsoft Edge in the video. If you continue to have issues, please contact us at russellkinhelpdesk@gmail.com

Thank you again,
Kin Club of Russell
